Rescue Ready Services: In A Nutshell

PlusTrac™ is the **interactive, web-based platform** that powers the AED program management experience – the **'brains behind the operation'**

PlusCare™ is the **on-site service and maintenance** arm of RRS that sends certified technicians out in the field to troubleshoot device issues, replace expired pads/batteries, etc.

PlusLearning™ is the **education and training** service that coordinates AED/CPR/First Aid class schedules and certifications.
